Course Materials (Included)

ETS GRE Practicing to Take the GRE General Test, 10th Ed. (for GRE)

The Official Guide for GMAT Review, 11th ed. (for GMAT)

Skill Building Packet (for GRE and GMAT)

Workshop Sessions (4 Day Series)

The GRE/GMAT workshop covers skill building, goal setting, and pacing strategies. The GMAT requires the same level of knowledge and strategy as the GRE, but the question design is slightly different. GMAT students have an added section at the end of the *Skill Building Packet* for practice on questions more specific to that test format.

Workshop Outline

Items covered include:

- Pre-test
- Math skills (including geometry)
- Persuasive writing (development and analysis)
- Reading comprehension
- Analogies and sentence completion
- Sentence correction and critical reasoning
