

# Tide Pool Inquiry Field Guide

When you reach the sandy beach area, take the students on an exploration walk. Look for the following:

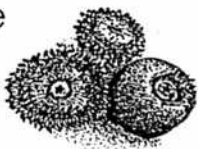

Shore Crabs

Chiton

Sea Anemone

Sea Stars

Turban Snails

Sea Urchins

Fish

Hermit Crabs

Seaweed

---

When you do the rock flipping activity focus on the following animals:

Shore Crabs

Sea Stars

Hermit Crabs

Turban Snails

When we return to school we will discuss whether we saw more of each type of animal under big rocks or small rocks.
