

Intercollegiate Athletics Committee Meeting

Director's Conference Room, Casanova Center

April 4, 2001

COMMITTEE MEMBERS AND GUESTS PRESENT: Renee Baumgartner, Dan Close, James Earl, Gary Gray, Dave Heeke, Ken Kempner, Katy Lenn, Bill Moos, Jim O'Fallon, Jeff Oliver, Janet Rose, Brad Shelton, Richard Sundt, Greg Zimel, and Debbie Nankivell.

REVIEW OF COMMITTEE'S CHARGE, MEMBERSHIP AND REPORTING STRUCTURE

A revised draft was distributed to all committee members for review and discussion. Minor changes were discussed and the committee voted to endorse the revised IAC mission statement (see attached). Brad Shelton will forward the final mission statement to the university senate.

JOINT RESOLUTION

James Earl distributed a joint UO and OSU resolution that will be submitted at the next university senate meeting regarding the scheduling of athletic competitions. Faculty from both campuses are requesting that athletic departments avoid scheduling future athletic competitions that conflict with final exam schedules.

Because some faculty from the UO and OSU are concerned about the growth of intercollegiate athletics, another resolution may be brought to each university's senate requesting that the Pac-10 presidents meet and discuss this issue.

WOMEN'S BASKETBALL PROGRAM UPDATE

The current women's basketball situation has generated considerable media attention. After a full review of the facts provided by the firm hired to investigate concerns about the program, Bill Moos will make a decision regarding the program that is firm, fair and consistent.

PHILADELPHIA INQUIRER ARTICLE

Bill Moos distributed a copy of a September 10, 2000 article from the *Philadelphia Inquirer* regarding the rise of intercollegiate athletics.

NEXT IAC MEETING

President Frohnmayer will attend the next IAC meeting on Wednesday, April 18th, beginning at 4:00 p.m. in the Johnson Hall Conference Room.
