

## *A Day Gone By*

*The second song I wrote (1978) while still a very young man having his first long distance love affair.*

*This song was remarkable only in that it came to me one day while driving to work. Complete with lyrics and music- I only had to write it down.*

*We tried for a "dobro" sound on the electric guitar solo, which is what I really hear for this song.*

*Vic Hansen- electric guitar, electric piano  
David Gross- backup vocals*

*Play one, one more for the road,  
Once more, let your voices soar,  
Sing out, sing in harmony,  
Join in, let the song begin!*

*Sometimes we have to go, to another place,  
Say good-bye to friends, start all over again.  
I can't see how it ends, what the future holds,  
But whatever comes, I won't forget the fun!*

*It's time I said good-bye, you know it's gettin' late.  
Doesn't seem so long, still I gotta' go. Hey! It's been great.*

*Someday I'll think about, this time that we have here,  
Voices fill the air, with music we all share.  
I'd like to find a way, to tell you how I feel,  
But let me just thank all, it's really been a ball!*
