

Epigrams:

“Certainty is not a gift to humanity- it is a curse.”

- John Donovan

“I am a moral being in an amoral universe, searching for purpose in a purposeless existence.”

- John Donovan

“I could never believe in something, just because it might make me feel better.”

- John Donovan

“The apparently progressive nature of science is the single most amazing aspect of humanity.”

- John Donovan

“Isn’t it ironic that the same people that so viscerally demonstrate Darwinian selected behaviors of being anti-birth control, anti-abortion and anti-gay, also don’t believe in evolution?”

- John Donovan
