

EPP Meeting Minutes-- May 23rd 2007

Attended by: Jenny Pearce, Kathryn Klatt, Aaron D, Matt P, Matt S, Ethan, Brett, Kate

Approve Agenda –approved. Discussion about meeting minutes—Kate will send them to EPP listserv. She will also harass the powers that be to make sure everyone gets on the listserv. We also talked about the website—Brett will be working with Zudegi and ASUO to centralize EPP website management. We voted on it and everyone agreed he's the one to do it.

Meeting time and date for last meeting

Thursday June 7th, 12 noon-1pm

Summary of Officers Transition meeting

It was fun. Let's do it again!

EPP Next year (discussion)

Ethan recommended having an event ready to kick off the term (like Ben had the sustainability panel) in order to get energy and raise awareness for EPP.

Kate wants to invite her friend to come and talk about the environmental planning he's been doing with rural coastal communities (Exec. Dir. of Coast Range Association—then we can all go camping on his property at 10mile creek on the coast....and marvel at the old growths.)

Matt P had a great idea about putting together a panel on “What is Environmental Planning and Environmental Policy?” He recommended getting Robert Young involved (YES!).

Ethan and Matt P and Brett will be meeting with EWEB on Friday, May 25, 2007 to discuss the 2008 John Baldwin film/lecture series. Feel free to join if you want—it's in Room 100 in Hendrick's.

Bethany Johnson popped in to hand select someone to work with an Advisory Group with the City of Eugene. Matt P is the man (if he wasn't so old...).

Proposed agenda items for next meeting

Set 1st meeting date (or set a goal for when to have it) for fall term

Discuss EPP faculty advisor position for next year

Work session to assign tasks and light a fire for next fall's kick-off event ...and discuss doing an activity or something at PPPM 1st year orientation.
