

The Mission of EPP is to promote awareness, opportunities and educational experiences concerning environmental policy and planning.

Attendees: Alison and Justin, (from ASUO) Kate, Nick, Matt, Aaron, Sara, James, Tim, Brett

- ASUO Diversity Plan
 - Written in 2007, the first plan written by students for students.
 - Still working on how progress and implementation of the plan will occur.
- Comments:
 - Alison Fox – the flaws are that students don't know about it
 - Outreach is the most important aspect, making sure this doesn't get pushed aside
 - Who will be the point-person in the ASUO that will be responsible for the evaluation and maintaining the plan? We need a way to institutionalize the memory.
 - Evaluation: How will it be measured? What is the ultimate goal?
 - Safe, diversely interactive, inclusive community
 - What is our role as a student group, how do we do outreach?
 - We asked for recommendations on how to make our group more accessible, increase outreach, maybe utilizing Program Council Meetings (PCM) to do so?
- Job Search Resources
 - Nick will set up a GoogleDocs that EPP members can collaborate on.
 - Greenjobs.com is also a good resource
 - Would include National, NW, state, local jobs, internships, and fellowships
 - Low-maintenance is the key!
