

MEETING OF ADVISORY COUNCIL

and  
Subsequent Action of Faculty  
Effecting Election of Members

December 7, 1932

At a meeting in Dean Gilbert's office prior to the Faculty Meeting held on the same day, it was decided that since the two members of the Council elected in January, 1931, had left the University, namely, Dean Carpenter and Dr. Milne, and since Dr. Boyer had been elevated to the Deanship and therefore rendered ineligible for future service in the class to which he belonged, and since all eligible members had served for the maximum period of two years, it was decided to tender collective resignations and make way for the election of an entire new Council.

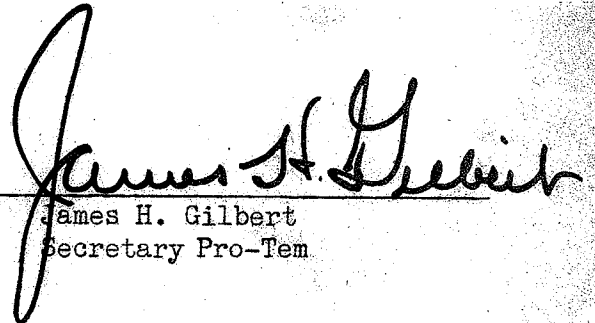

This action was reported to the Faculty Meeting immediately following meeting of the Advisory Council, and after two ballots the following persons were chosen for the Advisory Council for 1933:

Deans Boyer  
Gilbert  
Morse

Professors Barnett  
Sheldon  
Townsend

These six persons constitute the Council for the year 1933.

Adjournment.
