Minimum Standards Definition
 These minimum standards represent the accomplishments and practice required for chapters to receive University of Oregon endorsement. Endorsement signifies compliance with minimum standards by a chapter in the previous reporting period and is not meant to imply that all standards are currently being adhered to or that the University can supervise chapter activities. Outstanding judicial sanctions will affect conduct standing. Compliance reviews occur at least twice annually (September and March). This matrix represents a chapter's endorsement status from April 1, 2009-September 30, 2009
