**Additional Application Materials**

A primary goal of this workshop is to encourage adoption of educational materials that incorporate the principles, strategies and tools of **green chemistry** into the organic chemistry laboratory curriculum.

Our aim is to reach active chemical educators in *all teaching environments* who have the interest and opportunity to adopt a **greener curriculum**. To help us achieve our goal, **please attach a one-page statement** that describes your interest in participating in the workshop. You should discuss your typical (and anticipated) teaching assignments as they relate to green chemistry and any plans you have to incorporate green chemistry into your courses. In addition, please describe any education materials development or **green chemistry** activities that you have been involved in, if any.

In an effort to help us recruit a diverse population for our workshop, please indicate your ethnic background if desired.

**Application Deadline: April 15, 2004** Send Completed Application Materials to:
