Proposal for Change in BS Mathematics Requirement

Mathematics department proposes a small change in the fourth requirement.
The current catalog lists the following requirement:

- Satisfactory completion of MATH 111 (or a mathematics course with MATH 111 as a prerequisite) and MATH 211, 212 and 213 (four courses).

The Mathematics department would like to change this to:

- Satisfactory completion of the sequence MATH 211, 212 and 213.

The council agreed unanimously to the proposed change in the BS Mathematics requirement.
