Undergraduate Council Action
Fulfillment of UO Group Requirements by Transfer Students

Allow students to fulfill a UO group requirement with coursework totaling 15 credits, given that their coursework fulfills UO's breadth requirements within Groups. That is, each group must include the following:

- At least two courses in the same subject
- At least one course in a different subject
- No more than three courses from the same subject (necessary?)

The motion to approve the proposal was passed unanimously by the Council.
