

## Agenda for Meetings of Undergraduate Council

---

I think it best to keep track of our direction not only by listing the immediate agenda, but also by noting where we are going. Let me know if you have problems that need to be addressed and I will add them to the "future" list.

### Priority Items (for meeting of 22 February):

1. Final review and approval of motion we have been discussing. We have two variants to consider. The full and formal [motion](#) I [jn] circulated before (with some minor corrections); and a variant [motion](#) by Karen Sprague. Please bring both copies with you. The critical decision remains the language of the motion especially item 4.
2. [Review procedures](#) for approving group satisfying courses (related to the first and last items on the motion noted in item one here
3. Approval of new programs (circulated).

### New Items

1. [Degrees in terminated programs](#). The UC approved the use of the Independent Study Program to serve the needs of students in terminated program long after the "sunset" allowance ended. We are asked to end this option.

### For the future:

1. Anne Leavitt, Mike Eyster, Karen on Residence Hall programs
2. Four credits for three contact hours in lower division courses (again).
3. Math/language placement tests.
