

Progress in Reducing # Students in the Pipeline (aka “the Bulge”)

Students in the pipeline who still need WR 121:

		Change from prev. year		Predicted use		
Date	# students	# students	# sections	Total # offered	for FR	for pipeline*
4-10-01	708	n.d.**	n.d.	n.d.	n.d.	n.d.
3-26-02	391	-317	-13	108	97	11

* # sections available for pipeline = total # sections offered in F, W, and S

minus # sections needed for New Freshmen (FR)

** n.d. = no data

Students in the pipeline who still need WR 122/3:

		Change from prev. year			Predicted use		
Date	students	# students	# sections	Total # offered	for curr FR	for prev yr FR	for pipe*
4-10-01	2071	n.d.**	n.d.	n.d.	n.d.	n.d.	n.d.
3-26-02	1705	-366	-15	124	88	~29	~7

* # sections available for pipeline = total # sections offered in F, W, and S

minus # sections needed for current New Freshmen (FR)

minus # sections needed for New Freshman from the previous year who could not have

taken WR122/3 that year because they could not take WR121 before spring term (assume this is ~1/3 of previous year students needing WR122/3 ~ 700 stds).

** n.d. = no data
